Incoming/Outgoing Property

A Shift Supervisor searches and inventories all incoming and outgoing property. This includes packages, suitcases, and the student's person.

Storage of Personal Property

Students are responsible to maintain their rooms in an orderly fashion. It is not uncommon for a student to have more personal property than can be neatly arranged in his room. Students can either send any excess property home, or store it at Sundance Canyon with their luggage. Sundance Canyon keeps a record of stored items.

****Sundance Canyon** does not ship items home for families. Any items left at Sundance Canyon will become our property after 30 days.

****Sundance Canyon** is not responsible for the loss or destruction of any student's personal property. Parents should not send items of high monetary value to their child. We will return expensive items.
